Issue 39 Term 4 Week 9

Thursday 8th Dec 2016

PRINCIPAL'S MESSAGE

Pavers Are Here

Our pavers have finally arrived- they look great. Small catch- as they took 6 weeks longer to arrive than originally planned our Landscaper who was helping us out with the laying of them is booked solid until Christmas. So we won't be able to lay them until the new year- when completed we will invite 2016 year 6 Parliament back for an opening day as this is there project and gift to the school. Thank You to everyone who purchased a paver- you will soon be able to come and see your paver in action.

Electronic Devices At School

We remind families that it is not suitable for children to bring electronic devices to school including mobile phones, iPods, iPads, tablets etc. If a child needs to contact their family during the day they can go to the office where Mrs Clare is more than happy to help. If your child is bringing a device as they need it after school we request they drop it to the office upon arrival and pick it up at dismissal.

Coopernook Carols- Student Performance

All students have been practicing for our items at Coopernook Carols in the Park- Saturday 17th December. Please arrive by 6.45pm and find Mr Clare and Mrs Gilchrist.

Paper Planes by 2,3,4 Orr

2,3,4 Orr have been busy this week making paper planes. They all had lots of fun flying their planes out on the oval and the winners were Phinneas Willis for distance and Nicola Mayes for most interesting

Just a reminder that **Tuesday 13th Dec** is the day when entries for our recycled Christmas tree competition need to be brought to school by participating 2/3/4 Orr students. This is the culmination of this term's geography/environmental unit of work.

All entries will be placed on display for the entire school to see. Students and staff will get a chance to vote for their favourite design.

Our three winners will be announced at Friday's school assembly. 1st prize is a \$20 Big W voucher, 2nd and 3rd a \$10 Big W voucher each. All other participants will receive a participation certificate and an ice-cream voucher.

Grasshoppers Christmas Party

Next Tuesday is our last Grasshoppers session. I would like to say a sincere thanks to all our K-6 students who participated in our learning program this year. I hope they enjoyed it as much as I did.

To celebrate the end of a successful year, I would like to invite all Grasshoppers to an end-of-year party on **Tuesday 13th December**. This will include some treats as well as lunch (including the corn they've grown this term), so students will not need to bring lunch on this particular day.

Worlds Best Weapon by Kaios**Baker**

It's stifling hot and dry as a salt lick but finally there it is.

The Australian Simpson Desert military base. I'm

going to teach these mongrels a lesson. Today the 13th March 2017 will go down in history. The day the Australian Army pays for what they did to my little brother. I will teach them to mess with the family of the **HULK!**

The Hulk came charging at the gate smashing it with his hands and feet. The military shot him with machine guns and rocket launchers. He fell to the ground.

The Australian Army brought in a monster truck which had enough power to drag him away to the base camp.

After a while he regained his strength and broke free. He saw a machine gun on top of on car. He put his foot on the bonnet and ripped the machine gone off the roof. Then HULK sprayed the machine gun all over the place. By the end of the magazine, Hulk had killed half of the military soldiers.

Then the Sergeant called in 5 special tanks with electric metal nets.

"These will work like giant Taser guns. If we surround him and all shoot the nets together he will be paralysed" said the sergeant.

The tanks slowly approached. The hulk lunged towards one of the tanks. The tank shot his net- it went straight over the Hulk's head. The HULK screamed in anger and he jumps on the tank. He starts bending the guns like they were made of rubber.

The other tanks have snuck up on him. The Hulk was still taking his anger out on the first tank- he didn't see what was about to happen.

The sergeant yells "fire". All of the tanks shoot their nets at the Hulk. 1,2,3,4 nets all pinning him down on top of the first tank. 100 000 volts of electricity pulse through the Hulk's body.

His whole body shakes violently then goes limp.

The sergeants voice comes over the radio- ":don't trust him- shoot the tranquiliser gun now. Give him double then we will put the mind control implant in."

When the Hulk wakes up he is surprised to find he is in a cage. He calls out "Hey what's going on fellas. Is this a Joke? Let me out so we can get on with our training."

The sergeant cracks an evil grin. Rubbing his hands together he says "Excellent! Now we have the world's best military weapon under our control."

Nutrition Snippet

The simplest way

...grow your own.

Want to get kids excited about vegetables? Then plant the seed!

A vegie patch is a great spring or early summer project and just one way to help entice fussy eaters to sample something from the garden.

Plant some vegetables or herbs in the yard or grow them in window boxes or small pots.

Seeing the plants grow makes them much more interesting to eat.

Want to know more about enticing fussy eaters and preparing fruit and veg-filled family meals?

Ask your school to book a **Fruit & Veg Sense** workshop for parents, or find a workshop in your area at eatittobeatit.com.au.

Eat It To Beat It

Sorry there will be no more home ice creams sold until next year! We will restock with all your favourites in the new year!
