News from 2-4

While students from Years 3-6 were attending the Great Aussie Bush Camp, those Year 2-4 students remaining here at school were enjoying a few days learning about pirates. The first thing they learnt was that pirates were a bloodthirsty lot who didn't live very long. A pirate's life was a short one because most of them only lasted a few years.

Students played pirate maths games, completed pirate find a words, wrote a story about a pirate and constructed a pirate hat out of cardboard. We also watched a video called "Treasure Island" and saw a short video presentation about the five most dangerous pirates ever. They were very scary

people and there was even a famous female pirate four hundred years ago.

The students also played drama games about pirates with a blindfolded B.J. Rudd showing an incredible gift for working out which student was hiding the jewels behind their back.

Anyway, I am quite certain the students had an enjoyable few days and learned quite a lot about this interesting topic. I think they discovered that real life wasn't at all like the "Pirates of the Caribbean" movie.
